MEDIA GUIDE **2026**

100

THE LOGISTICS OFFICERS ASSOCIATION is celebrating its one hundredth anniversary. In honor of this jubilee year, our flagship magazine is being revamped both in terms of its appearance and content. Our goal is to provide our readers with even higher quality reading material, interesting and timely articles, and we will continue to address challenges in the field of logistics.

The central theme of the magazine in 2026 will be fuel and energy logistics. We will dive into the safety of the Baltic Sea transport system and the threats it faces at sea, on land, and in the air.

The year will culminate in a special anniversary issue, which will be published just before the Logistics Officers Association's 100th anniversary celebration in September.

Although our publication will receive a new look, we will remain firmly rooted in the core of our century-old traditions: supporting national defense, promoting a strong spirit of national defense, advancing the development of logistics, as well as research activities and interaction.

PUBLISHER
Logistics Officers Association
P.O. Box 7, 00861 Helsinki
logury@gmail.com
